25X1A9a [redacted] has suggested that you furnish the packing slip number of those items covered by the attached invoices. He assumed that the invoices indicated consolidated shipments as his records do not reflect items received in the quantities shown as being shipped according to the dates stipulated on the invoice. For example, if the invoice would state "items shipped on packing list No. \_\_\_\_\_, and No. \_\_\_\_\_" his records could be checked and quantities  
25X1A9a totaled to coincide with the invoice. [redacted] also stated that on those invoices which state material delivered personally a receipt be obtained at the time of delivery and a copy be attached to the invoice so that it could be  
25X1A9a countersigned by [redacted] or his representative without delay.

Very truly yours,

Doug
